DECORATIVES

- **Lasts Longer**
- **Looks Great**
- **Guaranteed**

COMMON PROBLEMS with Standard Lamps

- Short Life
- Lamp Blackening
- Poor Quality
- Waste Energy

MAINTENANCE ENGINEERING'S

MULTI-WATT® DECORATIVES

SOLVE THESE PROBLEMS

- **DESIGNED FOR LONG LIFE**
 - Pure tungsten filament for maximum life
 - Multiple filament support resists shock & vibration
- **CLEAN, CRISP LIGHT**
 - Nitrogen / Argon gas reduces lamp blackening
 - Krypton gas fill boosts whiteness
- **PREMIUM QUALITY COMPONENTS**
 - High temperature cement reduces base separation
 - Nickel / Brass base resists corrosion & freezing in the socket

• 12% ENERGY SAVINGS

- MULTI-WATT® design cuts energy usage
- Energy Savings pay for the lamp
